his co-participants, the victory would not have been achieved.

"Corredor is a powerfully built man, of more than medium height, swarthy, with the typical face of his race. A certain keen intelligence looks out of his eyes, and his features are cast in a mould of resolution that may easily settle into a degged ferocity. He has among his fellows the reputation of achieving whatever he undertakes, and his employers attribute to him unimpeachable integrity. Somewhat dull and sordid of manner, under the influence of interest and sympathy he awakens into something very like vivacity. Among a race of huners and fishers he excels as a marksman, and it is no inconsistent flight of fancy to picture him performing the gallant deed of Ties Castilles, or, in the picturesque Spanish of Senor Blanco, 'Bulling like a king in his little territory, where his people adore and obey him.'"

some of his braves came down to him and fell back up the hill bearing their wounded leader. The other troops, summoned by two runners from Carredor, now approached, and the Aristachic company proceeded to occupy the third hill, two being held by the savage horde. All night long continued the firing. At midnight ceased the tounts and jeers of the Apaches, succeeded by the wails of the women, thus aminouncing the death of Victorio.

"With the first flush of dawn, Corredor's company precipitated themselves on the foe, with so much slience and expedition that their movements were unknown to the soldlery below; thus Terrazas' men actually fired upon their follows, stripped for the fray as they were, and several couriers were sent down to explain the situation before the mistake was righted. Before that terrible onset of vastly inferior numbers, the Apaches gave way. Before 10 o'clock a. m. seventy-four Indians lay dead, and victory was assured.

"The captives were questioned separately as to the identity of Victorio, to prevent collusion. captives were questioned separately as to purifies the blood, vigorates the stomach, the identity of Victorio, to prevent collusion. All agreed upon the body as their chief. His slayer describes him as of medium stature of extreme corpulency, regular features, and long, black hair hanging losse, but for the crown braid bedecked with feathers.

"The victors encumped by the lake for two days to recuperate and to prepare litters for their half score of wounded, for whose neconmodulos."
